

Elkton March 13th 1848
Mrs Hollingsworth

I will take all the old materials as they stand and build you a square house fifty feet long the same width of the old one three storeys high in good order and of good materials for twenty five hundred Dollars

I will make the necessary alterations on the main building and build a wing twenty by forty feet three storeys high for twenty four hundred Dollars

I will make the necessary alterations on the main building and build a wing twenty by forty feet two storeys high for twenty two hundred Dollars

I will rebuild the house as it stood before for thirteen hundred Dollars

The above calculations are all made for shingle roofs, for forty Dollars more I will put a tin roof on either of the above plans

Wm P Strickland
