

With the arrival of spring (finally!!) come some additions to the Historic Elk Landing Foundation calendar of events for 2011. As noted in more detail below, we've added two exciting and diverse types of happenings that we know you will enjoy. Please refer to our Facebook page for continuing updates and return to www.elklanding.org for more information as the dates approach.

Saturday May 7th: “Take a Walk on the Wild (and not so wild) Side” at Historic Elk Landing as State Naturalist Nicole Heinrich from the Fair Hill Office of the State Department of Natural Resources guides us on a tour of the wild vegetation and critters that occupy The Landing. Also on hand will be a representative from the University of Maryland Cooperative Extension Service who will talk about how very tame herbs from The Landing’s 19th century herb garden are grown and used to spice up a 21st Century meal.

Saturday June 11th: Come ride the tide of Pirate mania as Historic Elk Landing is invaded by Pirates of the Chesapeake, featuring the “Salty Dogs” singing pirates. Hear and sing along with pirate and other period tunes and strike up a conversation with a friendly buccaneer. Admission is \$3 for anyone 12 and over, \$1 for anyone under 12. The grounds open at 10. The Pirates invade at 11! Hot dogs, sodas, and water will be available for purchase.
